### *Directors’ Responsibility for the Financial Statements*

The Company's Directors are responsible for the preparation of these consolidated financial statements that give a true and fair view in accordance with the accounting principles issued by OIC (Organismo Italiano di Contabilità), the Italian Accounting Body (“Italian GAAP”).

### *Auditor’s Responsibility*

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing (ISA Italia) issued pursuant to art. 11, n° 3, of Italian Legislative Decree 39/10. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation of consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

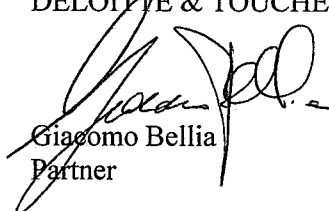

*Opinion*

In our opinion, the consolidated financial statements give a true and fair view of the financial position of the Twin Set – Simona Barbieri Group as at December 31, 2015, and of its financial performance for the year then ended in accordance with the Italian GAAP.
